Subject: Annual Reports for 2003, Kennecott Utah Copper Corporation

Dear Mr. Hedberg,

Enclosed are the completed annual reclamation report forms for the following Kennecott Utah Copper Corporation (KUCC) DOGM permits:

M/035/002	Bingham Pit and UCD Modernization (Active)
M/035/011	4 th Line / Copperton Concentrator (Active)
M/035/015	North Impoundment / Saltair / Tailings (Active)
M/035/004	Pine Canyon Reclamation Project (Inactive)

As in previous years reports, all disturbed and reclaimed acreage on the Magna Tailings Impoundment are reported under permit number M/035/002. Approximately 180 acres of land was disturbed for development by Kennecott Land Company within the M/035/002 permit boundary, however this was not added to the total disturbed area since it was not mining-related.

Some information has changed since the previous year. Paula Doughty will be the company representative, or designated contact for all four sites. In addition, both a mailing address and a physical address has been included in question number 8.

In 2003, KUCC spent approximately \$1,970,000 dollars on reclamation activities within the boundaries of permit M/035/002. These costs included purchase of seed, fertilizer, surface preparation and rental of equipment. They also included maintaining a sprinkler irrigation system for the Magna Tailings Impoundment. After correcting for inflation, this equates to \$663,445 spent in 1978 dollars. This is well in excess of the \$50,000 annual expenditure required by permit #M/035/002.

If you have any questions about these annual reports, please contact me at 569-7120.
